FAMILY BACKGROUND

Concilia is the first born in a family of four kids, comprising of 3 girls and 1 boy. She lives with both her parents who make sure all their basic needs are met. Her father works as a businessman at Kongowea market, selling groceries while her mother is a housewife. On a good month he makes 70euro, this amount is used for food and rent. Business at times is not good hence his family suffer a lot during those times.

With this kind of income, Concilia's dad struggles a lot to send her to school. This means that he has to forsake other family needs in order to pay her school fees.

They all live in a single room Swahili house that has electricity but no running water.

Concilia favourite subjects are Mathematics, History, English and Sciences. In her free time she enjoys playing hockey and participating in athletics. She wishes to become a nurse.

We feel that Concilia is a bright student, this is shown from her high school academic performance. Now that she is given a chance she will excel and fulfil her dreams.
