

SAAS

SPONSOR AN AFRICAN SCHOLAR

Seline was born on September 2002. She completed her primary level in 2017 at Shaddai Junior academy. She managed to score 253/500 marks at her Kenya certificate of primary education .she joined secondary school with the help of well wishers .she is currently in form 2 at Rose Makwere girls secondary school. And will be completing her secondary level in 2021.

FAMILY BACKGROUND

Seline is the first born in family of 3 children, all of them being girls .they all live with both parents who are the sole breadwinner of the family .her mother works as a maid while her dad does casual labor works in a construction firm .her father's work is not permanent so at time he ends up with no job and is left with no choice but to stay home and continue looking for one so that he can support his family. When her father does not have a job they all depended on their mother who works as a maid. In a month her mother gets 40euro which is not enough to cater for all the needs in the family. This money is divided into paying rent, buy food, pay school fees and cater for other bills too. Seline got to join secondary school through the help of some well wisher who saw the hardship that the family was facing and so they decided to help them. Currently the burden has gone back to her parents since her well wishers cannot continue helping as the help was just for one term. Seline has been frequently being sent home due to lack of school fees ,and this is why Seline she had to come to SAAS to seek for educational support and continue with her studies.

This family lives in a humble home and they all stay around Kongowea slums near Maweni primary school. They live in a rented single room which has neither electricity nor running water.

EDUCATIONAL BACKGROUND

She is an average student and this is shown from her performance .she like studying English, Biology and Geography .on her free time she also likes doing poetry, sing and play football .And her future ambition is to become a Nurse.
