## **Family background**

Sylvanus is the 2<sup>nd</sup> born in a family of three kids, its composed of 2 boys and one girl. They all stay with their parents in the upcountry, his parents are now retired hence they do not have any monthly income. They depend on peasant farming so as to bring food on their table. Things were very good before his dad retired, he was studying very well and he did not lack school fees. When in form three that is two years back, things started to worsen as his dad retired and he is yet to receive his pension until now. Sylvanus was forced to stay out of school for 2 years until early this year when the government lowered school fees for day school to an affordable amount. Sylvanus decided to go back to school to study but as a form one student. This shows of his passion for education. .

Despite the school fees being low he still cannot afford to keep himself to school..He plea for well-wishers to help him out as he knows life without education is not good.

We see him as a very determine young man and he will be able to meet his dream if given a chance.

They all stay in mud house which has a touched roof with neither electricity nor running water.

His future ambition is to become a teacher. He enjoys literature and history subjects. He has passion in poet too.
