SPONSOR AN AFRICAN SCHOLAR

## **VINCENT LEON**

Vincent was born 10th July 2003. He completed his primary level in 2017 at Jocham academy. He is currently in form 2 at Chebuyusi boys high school. He is an average bright boy, this is shown from his current report form where he managed to score a grade of C+.

He will complete his secondary level in 2021.

## **FAMILY BACKGROUND**

Vincent comes from a poor family background where they live with their single mother who is the breadwinner on the family. He comes from a family that composes of one boy and 5 girls.

His mother works as a business woman and through that she makes sure that her family is not lacking anything. In a month she can earn like 80 euro which is divided in so many things in the house and pay for her kids fees. Sometimes when the business is low it's difficult for her to take care of the family. She struggles a lot to make sure both her kids are doing well.

Currently she is not working since she got burned and cannot work since some part of her body was seriously burnt. Even Vincent has been sent out of the school due to lack of school fees. They live in a single room that has electricity but no running water.

## **EDUCATIONAL BACKGROUND**

Vincent is a bright student and can do better in his studies when he gets support on his school fees. His favourite subjects are Maths, English and Kiswahili. On his free time he enjoys playing basketball. While his future ambition is to become a Doctor.
