Family Background

Yvonne is the 3rd born in a family of three, 2 boys and 1 girl; she lives with her two brothers at Kongowea slums. Yvonne is an orphan as both of her parents passed away when she was three years old. Since then her grandmother has been the one taking care of them .but unfortunately the grandmother died in 2013 and now they are left alone without anyone to take care of them.

Yvonne's two brothers are older and they both have been lucky to be sponsored by SAAS they have both finished school and are currently working to make ends meet. Sometimes they end up having nothing in the house and as they dont have enough income in the family so they depend on well wishers and relatives to support them financially. Their uncle Nelson who lives close by is the one who looks after them from time to time. Although he doesn't have a steady job to support them fully as he works as a casual labourer in a production factory in Mombasa and he also has his own family to take care of.

They live in a one room house that has power but no electricity.

Academic Background

Yvonne is an average student who enjoys playing volleyball; she also aspires to be a Teacher.
