

SAAS

SPONSOR AN AFRICAN SCHOLAR

TITUS OCHIENG

Titus is 17 years old. He is currently in Form 4 at St. Thomas Aquinas Boys' Nanderema High School. He will finish his secondary school in November 2019. Titus is a very ambitious and hardworking young man. His recent report card marked a mean grade of B-.

Family Background

Titus is the 1st born in a family of 2 children both being boys. They live with their grandparents from the maternal side. Both his parents died when they were young. Their grandparents raised them and made sure that they received all their basic needs. His grandparents are peasant farmers and they depend on the harvest to make ends meet. They manage to sell some produce so as to ensure that all of them are in school. When the harvests are not good, the family is stranded as it's their only income. Currently Titus has a huge school fees balance. He is worried if the school will allow him to sit for his final exams come next year. They live in a rural area whereby the house they stay in is made of mud and has neither electricity nor running water. They fetch water 30km away from where they stay.

EDUCATION BACKGROUND

Titus is very hardworking and we feel that if he ever gets a bursary to finish high school level, he can reach his ambitions. He likes studying English and Biology. His future ambition is to become a Doctor. In his free time he likes playing football.
