

STUDENT PROFILE

NAME: Khadija

AGE: 17

SCHOOL: Franz Joseph Secondary School

COURSE: Secondary School Education

Khadija is a 17-year-old Form 4 student with a strong aspiration to become a **Nurse** in the future. Her goal reflects her compassionate nature and deep desire to serve others and make a positive impact within her community.

She is the second-born in a family of six children—three boys and three girls. Khadija lives with her parents in a rented two-room house with electricity but no running water. The family's financial situation has become increasingly challenging since her father, formerly employed as a security guard, was laid off and now relies on manual jobs to support the household, while her mother remains at home.

Due to ongoing financial constraints, Khadija has experienced frequent interruptions in her education, often missing school and important lessons. Despite these challenges, she has remained resilient, focused, and determined to succeed academically and uplift her family from poverty.

The SAAS scholarship has brought renewed hope and relief to Khadija and her family, enabling her to attend school consistently and continue pursuing her education without constant financial uncertainty. She is deeply grateful for the opportunity and does not take it for granted.

Khadija's favorite subjects include History, Kiswahili, Agriculture, Islamic Religious Education (**IRE**), and the Sciences. In her free time, she enjoys playing football, which helps her stay active, focused, and energized.
